

ARLINGTON COUNTY, VIRGINIA

**County Board Agenda Item
Meeting of October 24, 2009**

REVISED REPORT

DATE: October 21, 2009

SUBJECT: U-1671-65-3 USE PERMIT AMENDMENT for modification of Condition #68 of approval regarding improvements under Old Dominion Drive Bridge; located at 4763 Old Dominion Drive, 2807 N. Glebe Rd., and 4655 26th St. N. (RPC# 03-065-001).

REVISION EXPLANATION: This report revises the recommended date of deferral for the subject site plan amendment from the November, 2009 County Board meeting, to the December, 2009 meeting.

C.M. RECOMMENDATION:

Defer to the December 12, 2009 County Board meeting.

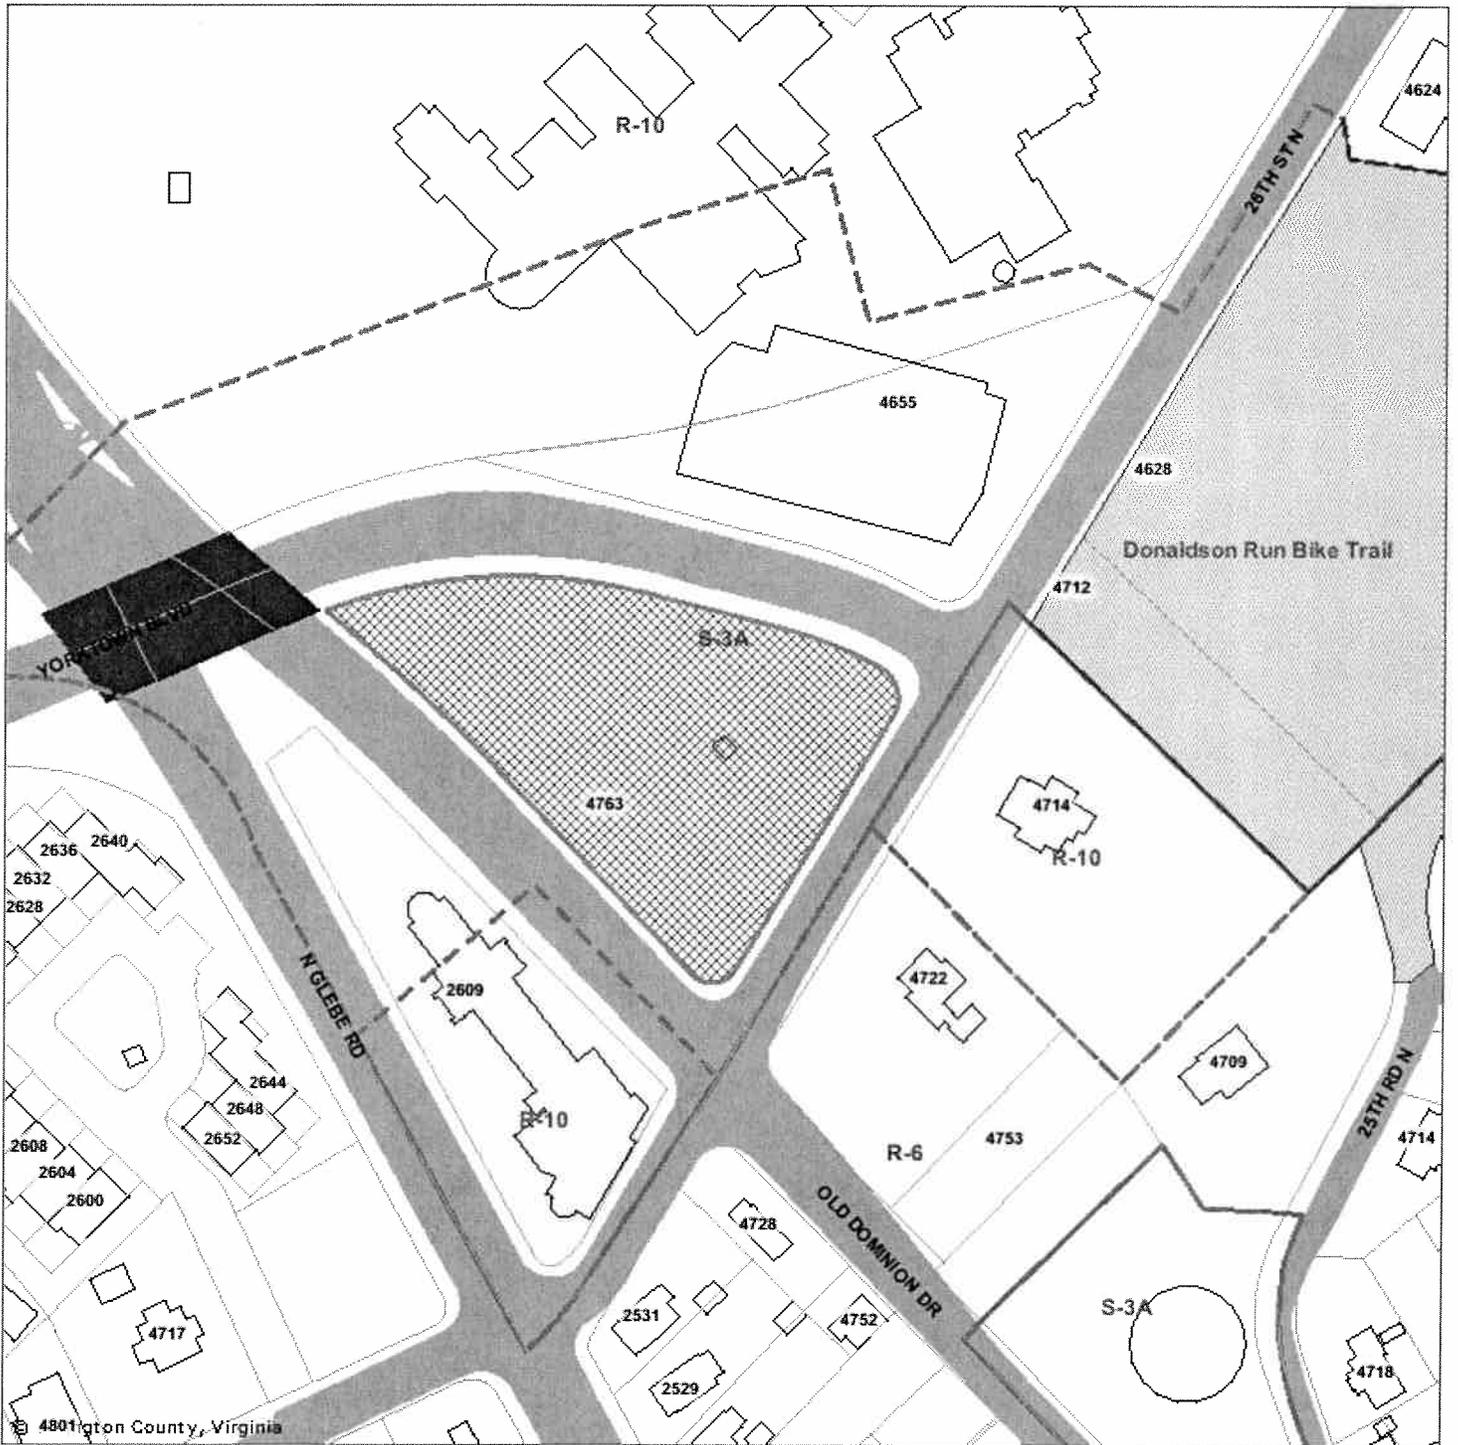

DISCUSSION: This report revises the date for the deferral recommendation. In the report dated October 8, 2009 staff recommended deferral of the site plan amendment to the November 14, 2009 County Board meeting. Such a recommendation was based on the outcome of a meeting held between staff, Marymount University, and representatives from surrounding civic associations held on October 20, 2009. The meeting was intended to solidify a recommended solution to the Virginia Department of Transportation (VDOT) not allowing public art improvements underneath the Old Dominion Drive/Yorktown Boulevard Bridge, as required by Condition #68 of the use permit for the Marymount-26th Street Project. At the meeting, however, it was determined that staff, the community, and the university would require additional time to resolve issues. Therefore, staff recommends deferral of the site plan amendment to the December 12, 2009 County Board meeting.
