C.M. RECOMMENDATION:

Defer the use permit for the addition of antennas to an existing telecommunications facility, to the January 23, 2010 County Board meeting.

ISSUES: This is a proposal for a use permit for the placement of antennas on an existing smokestack adjacent to a multi-family residential building. The applicant has agreed to a short deferral of the request

DISCUSSION: The applicant, Clearwire Wireless Broadband, is requesting a use permit for the placement of antennas on an existing smokestack at the Washington-Lee Apartments. The original proposal included the placement of two (2) microwave dish and three (3) panel antennas on the smokestack. The applicant has informed staff that a mistake was made on the application, and is reviewing the exact number and type of antennas proposed at this location. Therefore, staff recommends deferral of the use permit application for the placement of antennas at 100 North Wayne Street for one (1) month (January 23, 2010).
