

ARLINGTON COUNTY, VIRGINIA

**County Board Agenda Item
Meeting of July 10, 2010**

DATE: June 25, 2010

SUBJECT: U-3202-08-2 USE PERMIT AMENDMENT for Clearwire antennas and ground equipment on an existing telecommunications facility 2305 S. Walter Reed Drive RPC: 29-002-029.

Applicant:
Clearwire US LLC

Columbia, MD 21045

C. M. RECOMMENDATION:

Defer the use permit amendment for a telecommunication facility for Clearwire at 2305 S. Walter Reed Drive to the September 25, 2010 County Board meeting.

ISSUES: This is a use permit amendment request for antennas on an existing monopole at 2305 S. Walter Reed Drive. The applicant is requesting a deferral to the September 25, 2010 County Board meeting.

DISCUSSION: Clearwire US LLC is requesting to add antennas and a new equipment cabinet to the telecommunications facility at 2305 S. Walter Reed Drive. The existing facility contains equipment for both New Cingular Wireless/AT&T and T Mobile. Existing holly trees are located at the base of the tower. Based on Clearwire's proposed plans it appears that the new equipment cabinet could impact the holly trees. Clearwire has requested a deferral to allow time to submit additional information on how, or if, the existing trees would be impacted by proposed ground equipment as well as to determine how they would like to proceed with the application. Therefore, staff recommends a deferral of the use permit request for a telecommunication facility for Clearwire at 2305 S. Walter Reed Drive to the September 25, 2010 County Board meeting.

Subject: RE: 2305 S Walter Reed Dr

I am sure that they are going want to pursue this project- but they are still trying to figure out specifically what they want to do and I have not been given the go-ahead to move forward. So I guess it will need to wait until September.

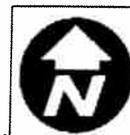

Thanks!
