

ARLINGTON COUNTY, VIRGINIA

County Board Agenda Item Meeting of May 14, 2011

DATE: April 29, 2011

SUBJECT: Request to advertise for a public hearing to amend the ordinance on precincts and polling places.

C. M. RECOMMENDATION:

Authorize the advertisement for a public hearing on June 11, 2011 to consider proposed amendments to the ordinance on precincts and polling places to adjust several precinct boundaries and to create one new precinct from the current Oakridge 032 precinct with the proposed name of Gunston 052, voting at Gunston Community Center, 2700 South Lang Street. The proposal also changes the polling place for the Oakridge 032 precinct to Oakridge School, 1414 24th Street South.

ISSUES: Need to adjust precinct boundaries in response to the General Assembly's redistricting plans to avoid split precincts.

SUMMARY: The General Registrar and Electoral Board recommend several precinct boundary changes, including the addition of one new precinct.

DISCUSSION: The General Registrar and the Arlington County Electoral Board recommend the following changes to the County ordinance, attached in part, establishing precinct boundaries and polling places. The proposed changes will take effect with the November 8, 2011 general election, pending approval by the U.S. Department of Justice. Virginia law requires polling places and precincts be established by County ordinance.

The 2011 redistricting plans for the Virginia House of Delegates and Senate of Virginia result in district boundary splits in three Arlington County precincts. If no changes are made to adjust these boundaries, multiple ballot styles must be available in each of these precincts, increasing voter confusion, including the possibility of a voter being given an incorrect ballot. The General Registrar and Electoral Board support single-ballot precincts wherever feasibly possible.

The proposed amendments are as follows:

1. Ballston 004, Westover 023, Dominion Hills 029, and Buckingham 045 Precincts

The Ballston 004 precinct (1,990 voters) was split between the 31st and 32nd Senate Districts, while the entire precinct remains in the 47th House District. The General Registrar and Electoral Board propose moving the portion of the precinct north of Interstate 66, now in the 32nd Senate District, to the adjacent Westover 023 precinct, which is also in the 32nd Senate and 47th House Districts. About 725 voters are affected, increasing the size of the Westover 023 precinct to 2,866 voters.

The General Registrar and Electoral Board also propose moving the portion of the Buckingham 045 precinct north of Carlin Springs Road to the Ballston 004 precinct. The current size of Buckingham 045 is 3,965 voters, while Ballston would be reduced to 1,265 voters by the move proposed above. This change would better even out the size of the two adjacent precincts by moving approximately 1,120 voters. The new size of Ballston 004 would be 2,385 while the new size of Buckingham 045 would be 2,845. Both precincts are in the 31st Senate and 47th House Districts.

The General Registrar and Electoral Board additionally recommend a technical boundary change between the redrawn Westover 023 and current Dominion Hills 029 precincts, both of which are now in the 32nd Senate and 47th House Districts. The two precincts are located on opposite sides of Interstate 66, except for a small portion in the northeast corner of Dominion Hills 029 that crosses Interstate 66 and extends to Fairfax Drive between North Kensington and North Harrison Streets. There are no voters in this section, so the proposal recommends adjusting the boundary between the two precincts so it follows continuously along Interstate 66.

2. Barcroft 005 and Jefferson 027 Precincts

The Jefferson 027 precinct (3,170 voters) was split between the 47th and 49th House Districts, while remaining in the 31st Senate District. The General Registrar and Electoral Board propose moving the portion of the precinct in the 47th House District to the adjacent Barcroft 005 precinct (2,130 voters), also in the 47th House and 31st Senate Districts. About 944 voters are affected. The new sizes of the two precincts would be 2,226 for Jefferson 027, now in the 49th House District, and 3,074 for Barcroft 005.

3. Proposed New Precinct: Gunston 052 and Polling Place Change: Oakridge 032

The Oakridge 032 precinct (4,030 voters) was split between the 45th and 49th House Districts, while remaining in the 30th Senate District. The General Registrar and Electoral Board propose creating a new precinct from the southern part of the former Oakridge 032 precinct that remains in the 49th House District. The proposed name for the new precinct is Gunston

052, and the proposed polling place is the current precinct's voting location, Gunston Community Center. The size of the new precinct is about 2,357 voters.

The revised boundaries of the new Oakridge 032 Precinct would include northern part of the former Oakridge 032 precinct now in the 45th House District, approximately 1,673 voters. The proposed new polling place is Oakridge School, at 1414 24th Street South.

All affected voters will be mailed a notice of the change along with a new voter information card.
