Message Type : GENERAL COMMENT
Subject : County Board

Message : Dear Arlington County Board:

My name is Jeannette Louise Smith; I am a lifelong Arlington County resident living in the Claremont area near Shirlington and proposed location of Walmart and the development of the Shirlington area.

We need to support Arlington Independent Businesses NOT coporate giants. This long neglected area will flourish with refurbishment and a better thought-out business plan that supports locally owned businesses like the Columbia Pike area. Money is better spent on parks, the arts, and other attractive, viable businesses such as restaurants, medical, and specialty retail, that will bring the community together and be inviting to visitors and neighboring areas.

The major roadways in and around Arlington are already overburdened and obselete and we rely on you to make the right decisions to make Arlington commuting safe and accessible.

Please help our community grow in the right direction - creating a real community.

The following contact information was submitted:
