C.M. RECOMMENDATION:

Defer the request to collocate up to six (6) antennas and three (3) equipment cabinets on existing water tank to the October 18, 2008 County Board Meeting.

ISSUES: Staff is recommending, and the applicant has agreed to, a deferral to allow the lease agreement with the County to be on the same agenda as the use permit approval.

DISCUSSION: The applicant is proposing up to (6) six new antennas and (3) three pieces of ground equipment in a new fenced area at the Lee Heights water tower. The Real Estate Bureau has to negotiate the terms of the lease agreement, and staff requests that the lease agreement and the use permit approval be approved simultaneously. Therefore, staff recommends deferral of the use permit amendment request to the October 18, 2008 County Board meeting.
