

ARLINGTON COUNTY, VIRGINIA

County Board Agenda Item Meeting of November 17, 2012

DATE: November 5, 2012

SUBJECT: U-2873-95-2 USE PERMIT REVIEW for live entertainment; located at Clarendon Grill, 1101 N. Highland Street (RPC# 18-013-010).

Applicant:

Peter Pflug
Clarendon Grill
1101 N. Highland Street
Arlington, Virginia 22201

C.M. RECOMMENDATION:

Renew the use permit for live entertainment with dancing subject to all previous conditions with an administrative review in one (1) year (November 2013) and a County Board review in two (2) years (November 2014).

ISSUES: This is a use permit review for live entertainment and dancing at the Clarendon Grill, which is part of the Clarendon Live Entertainment Group, and no staff issues have been identified. However, staff is aware of citizen concerns related to noise coming from patrons using the by-right outdoor patio. Although the noise from the by-right patio is unrelated to the live entertainment use permit, staff has separated this use permit from the Clarendon Live Entertainment Group staff report because this is the only live entertainment venue associated with the Clarendon Live Entertainment Group with known community concerns as of the writing of the staff report.

SUMMARY: Clarendon Grill is part of a review of a total of 19 existing use permits and site plan amendments for live entertainment in the Clarendon area. The use permit authorizing live entertainment and dancing at Clarendon Grill was initially approved in 1996. The use became part of the Clarendon Live Entertainment Group when it was formed in 2002. Representatives from Clarendon Grill have actively participated in the Neighborhood Advisory Group, and the use has been operating in compliance with its conditions of approval.

Representatives of the Neighborhood Advisory Group continue to discuss issues with permit holders and work towards solutions to neighborhood concerns. At the County Board review in November 2010, a number of conditions were added to the Clarendon Grill (as well as all the other members of the Clarendon Live Entertainment Group) to address the recommendations of the Guidelines developed with the Neighborhood Advisory Group.

This use permit has been separated from the larger group of Clarendon Live Entertainment Group site plan amendments and use permits due to concerns raised by residents of the neighboring Lyon Place apartment complex. Residents and the building management have expressed concerns related to noise coming from the outdoor patio of the Clarendon Grill. This is the only live entertainment venue associated with the Clarendon Live Entertainment Group with known community concerns as of the writing of the staff report.

Live entertainment in Clarendon continues to be successful, and staff recommends that the subject use permit for live entertainment and dancing at Clarendon Grill be renewed, subject to all previous conditions, with an administrative review in one (1) year (November 2013) and a County Board review in two (2) years (November 2014).

BACKGROUND: This is a two (2) year review of live entertainment and dancing at Clarendon Grill, which was originally approved in 1996. In 2002, the Clarendon Grill was included in the Clarendon Live Entertainment Group and has been reviewed every two years by the County Board along with the other approved live entertainment site plan amendments and use permits in the Group (which also includes Mr. Days, Sobe, American Tap Room, Lyon Hall, La Tasca, Hard Times Cafe, Jay's Saloon, Whitlow's on Wilson, Clarendon Ballroom, Mexicali Blues, O'Sullivan's, RiRa, Eleventh Street Lounge, Spider Kelly's, Northside Social, IOTA, and Eventide). The uses operate in the Clarendon area within a few blocks of each other. The other 18 Clarendon Live Entertainment Group permits are also being reviewed by the County Board at the November 17, 2012 meeting and are discussed in a separate staff report.

DISCUSSION: The Clarendon Grill has generally operated in compliance with their conditions of approval, and has participated in the Clarendon Live Entertainment Neighborhood Advisory Group Meetings.

Since the last County Board review (November 13, 2010):

Use Permit and Site Plan Amendment Conditions: During the November 2011 review, a violation of Condition #11 regarding provision of signs asking patrons to respect residential neighborhoods and to not park on residential streets was identified. A subsequent inspection in 2011 showed that the violation had been addressed. The zoning inspection in October 2012 uncovered no violations of conditions.

Seven (7) meetings of the Group have been held since the last County Board review in November 2010 (see Attachment #1 for meeting dates and attendance records), and a representative of the Clarendon Grill has attended all but one meeting.

Community Code Enforcement and the Site Plan Inspection: Community Code Enforcement and Site Plan Inspection staff report there are no issues with the Clarendon Grill. Zoning staff continue to participate in the Group meetings and are aware of ongoing discussions within the Group.

Police Department: The Police Department has been an integral part of the Group process. Communication between the establishments and the Police Department has been open and the Police Department has attended all but one (1) Group meeting to answer any questions of the Group. The business owners report that they work closely with the Police to provide and maintain TIPS training for their staff. The Police Department reports no issues and supports renewal of the use permit.

Fire Marshall: The Fire Marshall's office reports no issues with the live entertainment location.

State ABC Board: ABC Board has not reported concerns with the establishment. The ABC has been invited to Group meetings since 2010.

Civic Associations: The Lyon Village Citizens Association, the Lyon Park Citizens Association, the Clarendon-Courthouse Civic Association and the Clarendon Alliance were notified of the use permit and site plan amendment reviews, which include review of the Clarendon Grill use permit. These civic associations and the Alliance have participated in the Group. The Clarendon Alliance has submitted a letter that states that their Board has not expressed an opinion on the proposed renewal of the subject use permits, but notes that they have not received any complaints regarding any specific restaurants. The CCCA submitted comments recommending renewal for one year for all restaurants with live entertainment. Staff notes that the restaurants are generally on a two year review cycle with an administrative review in the intervening year, with the option of bringing an application to the County Board out of cycle in the event that a serious condition violation is discovered. The CCCA also suggested that the County develop a more proactive approach to condition enforcement.

With the exception of the Clarendon Alliance noting that they are aware of the noise concerns raised regarding Clarendon Grill, the comments from the Civic Associations generally dealt with the group of live entertainment venues as a whole. It is generally agreed that the Group effort continues to be an essential vehicle for communication and addressing concerns of the neighborhood and business establishments.

Residents of the adjacent Lyon Place apartment building have expressed concerns due to noise coming from patrons using the by-right outdoor patio of the Clarendon Grill. This is unrelated to the live entertainment use permit. However, staff has discussed the concern with Clarendon Grill's management and they are aware of the concerns. They stated that they are willing to work with the Lyon Place apartment building management to address the concerns but that they have not to date been able to secure a meeting.

CONCLUSION: Clarendon Grill has been an active participant in the Neighborhood Advisory Group Meetings and has been in compliance with their conditions of approval. Staff continues to support live entertainment uses in Clarendon, assuming that no undue impacts to surrounding neighborhoods and streets are created by such uses and that the established guidelines and conditions of approval are met. Therefore, staff recommends that the subject use permit for live entertainment and dancing at Clarendon Grill be renewed, subject to all previous conditions, with an administrative review in one (1) year (November 2013) and a County Board review in two (2) years (November 2014).

Dear Ms. Fisher:

I am writing at the direction of the Clarendon Alliance' Board of Directors, regarding the County Board meeting on November 17 to consider the renewal of Live Entertainment Permits for a number of Clarendon businesses.

While the Board has not expressed an opinion on the renewal of these permits, the Board notes that the Clarendon Alliance has not received any complaints during the past two years about live entertainment, for any of the establishments whose permits are up for renewal.

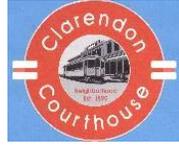

We are aware that there have been noise complaints made about Clarendon Grill, but these appear to stem from the Clarendon Grill patio, and not from the live entertainment activities which are covered under their permit. We are also aware that the Clarendon-Courthouse Civic Association has voted to support the renewal of all the live entertainment permits.

Sincerely yours,

RE: Live entertainment permit renewals for: IOTA; Mr. Days; Lyon Hall; Jay's Saloon and Grill; Sobe; La Tasca; Hard Times Café; Whitlow's; Clarendon Grill; Clarendon Ballroom; O'Sullivan's; RiRa; Spider Kelly's; Northside Social; American Taproom; Eleventh Street Lounge; Mexicali Blues; and Eventide Restaurant.

Matthew and Sophia,

The Clarendon-Courthouse Civic Association (CCCA) at its October 16, 2012, considered the live entertainment permit renewals above and voted to communicate the following to County staff.

The CCCA supports the live entertainment permit renewals for the establishments above for a one year period. The CCCA supports a process that provides for an expedited renewal process on an annual basis for those establishments for which no complaints have been filed since the last annual renewal. Establishments that have experienced complaints should be subject to a more rigorous review process before approval. The CCCA would request to be notified when permits are approaching renewal or review, regardless of their complaint status.

The CCCA believes that enforcement of permit conditions can be strengthened. Enforcement currently is overly dependent on citizen complaints, does not recognize complaint documentation provided by citizens, and performs condition compliance reviews only infrequently. We would encourage the County to explore meaningful enforcement mechanisms that are less dependent on the periodic permit renewal process.

While not tied directly to a particular live entertainment permit, the CCCA strongly encourages the County to consider and implement better trash management programs, including but not exclusively limited to those areas where establishments have live entertainment. The behavior of patrons during and after business hours is associated with the type of entertainment at those establishments. The CCCA strongly encourages the County to consider and install more trash receptacles, and to provide for more frequent collection.

Thank you for the opportunity to comment.

Regards,

Ken Fulton
CCCA President
